

Bat Conservation Trust

Corporate Membership

Working together...

Joining the Bat Conservation Trust's (BCT) Corporate Membership scheme is an ideal way of demonstrating your company's commitment to conserving bats and protecting our natural environment.

The Bat Conservation Trust is the only UK organisation solely devoted to conserving bats and their habitats. We have 17 species of bats in the UK, all of which have suffered severe declines in recent years. Bats are an important part of our natural heritage and are indicators of a green and healthy environment.

With your commitment and our expertise, your Corporate Membership will help to protect the UK's diverse range of wildlife and habitats, and ensure bats are around for future generations to enjoy.
